the Higher Education system.

Mr Founder and CEO,

Following a report, I received from my collaborator on the working session you had with him, concerning AEDA and your willingness to collaborate with the Higher Education System, in favour of our students and its other stakeholders,

I hereby thank and congratulate you for this wonderful initiative which strongly ties in with the vision and aspiration of the **President of the Republic, Head of State**, to train healthy minds capable of taking care of themselves first and their communities eventually. With regard to your plea to collaborate with the Ministerial department placed under my responsibility, I suggest that you work with the Heads of State Universities as well as Promoters of Private Higher Education Institutes for the effective implementation of your mission objectives.

While looking forward to receiving a report from you on the progress of this welcomed venture, kindly accept, Sir, my best regards.
